

## Solar Street Light

No.	Sample Model	Specification	Solar panel power	LED light lamp
1	JMTL001-010	5.5m	70W	20W
2	JMTL001-010	6m	110W	30W
3	JMTL001-010	7m	140W	40W
4	JMTL001-010	8m	180W	50W
5	JMTL001-010	9m	220W	60W
6	JMTL001-010	10m	250W	70W
7	JMTL001-010	11m	280W	80W

**Parameters:**

1. solar panel: imported 40W~160W poly-crystalline silicon, 20 years life.
2. maintenance-free lead-acid battery, 12V/24V 50AH, 180AH, over charge and over discharge protection, 3 years life.
3. controller: solar digital programmable intelligent controller, switch on/off by light&time.
4. light source: imported LED light source, 28W~112W.
5. work time: 8-9 hours a day, and 8-9 rainy days.
6. pole: zinc-plated steel pole and coating to color of your choice, with the whole kit of stainless steel fasteners, 20 years life.
7. work temperature: -30°C~+60°C.
8. wind resistance:  $\geq 150$ km/h.
9. protection grade: IP 65.
10. height: 6m~12m

(Customized specifications are welcome)
